“ Enhance your home & quality of living ”

Windows

Looking out has never been so good

New windows can really enhance the look of your home, both from the inside and out. We offer a wide range of styles to suit both traditional and new build properties.

Whether you're looking to upgrade existing fixtures to match your own or a neighbour's then we can replicate any style and design you wish - or you may want something completely unique. Our design consultants will talk you through every option and tailor your windows to your exact needs.

9 POINT LOCKING

With an ever increasing crime rate it has never been so important to have that extra bit of security for your home. That is why all our windows have 9 locking mechanisms making it the safest and most secure window on the market today.

With: 4 x Espagnolette Locks, 2 x Shootbolts, 2 x High Security Friction Hinges and an extra Security Clip - you really will not find a better window system than ours!

Sliding Sash Windows

A traditional look doesn't have to mean traditional security. Our Vertical Sliding Sash Windows come with the very latest in security, making your home even safer for you and your family.

Our Vertical Sliding Sash Windows are designed to incorporate all the desirable, traditional features of an authentic sash window but with all the additional benefits and conveniences of modern PVCu.

Bay and Canopy Windows

Bay windows can be installed into nearly any window space and with that little bit of extra room it can make all the difference by adding depth and light to your home. With so many types of bay styles, sizes, shapes, canopy options and glass designs to choose from you'll be spoilt for choice.

So whether you're looking for a subtle curve or grand canopy our design consultants can help you choose what bay will suit your home.

Casement Windows

Our range of casement windows offer security, energy efficiency and are available in a multitude of styles and finishes to enhance the look of your home.

Whatever style you go for, you'll find our casement windows aren't just pleasing on the eye, they're practical too. Minimal maintenance means their good looks will last well into the future.

Residence 9

The Residence 9 window system is designed to replicate 19th century timber windows, but fuses traditional aesthetics with modern materials to create a window that is both elegant and energy efficient.

The perfectly flush exterior recreates a true timber alternative aesthetic, whilst the interior is stylishly decorative, creating a classic home feel. The modern material is virtually maintenance free; no painting or staining required. Cleaning your windows needs minimum effort meaning they look newer for longer, leaving you time to do more of the things you love.

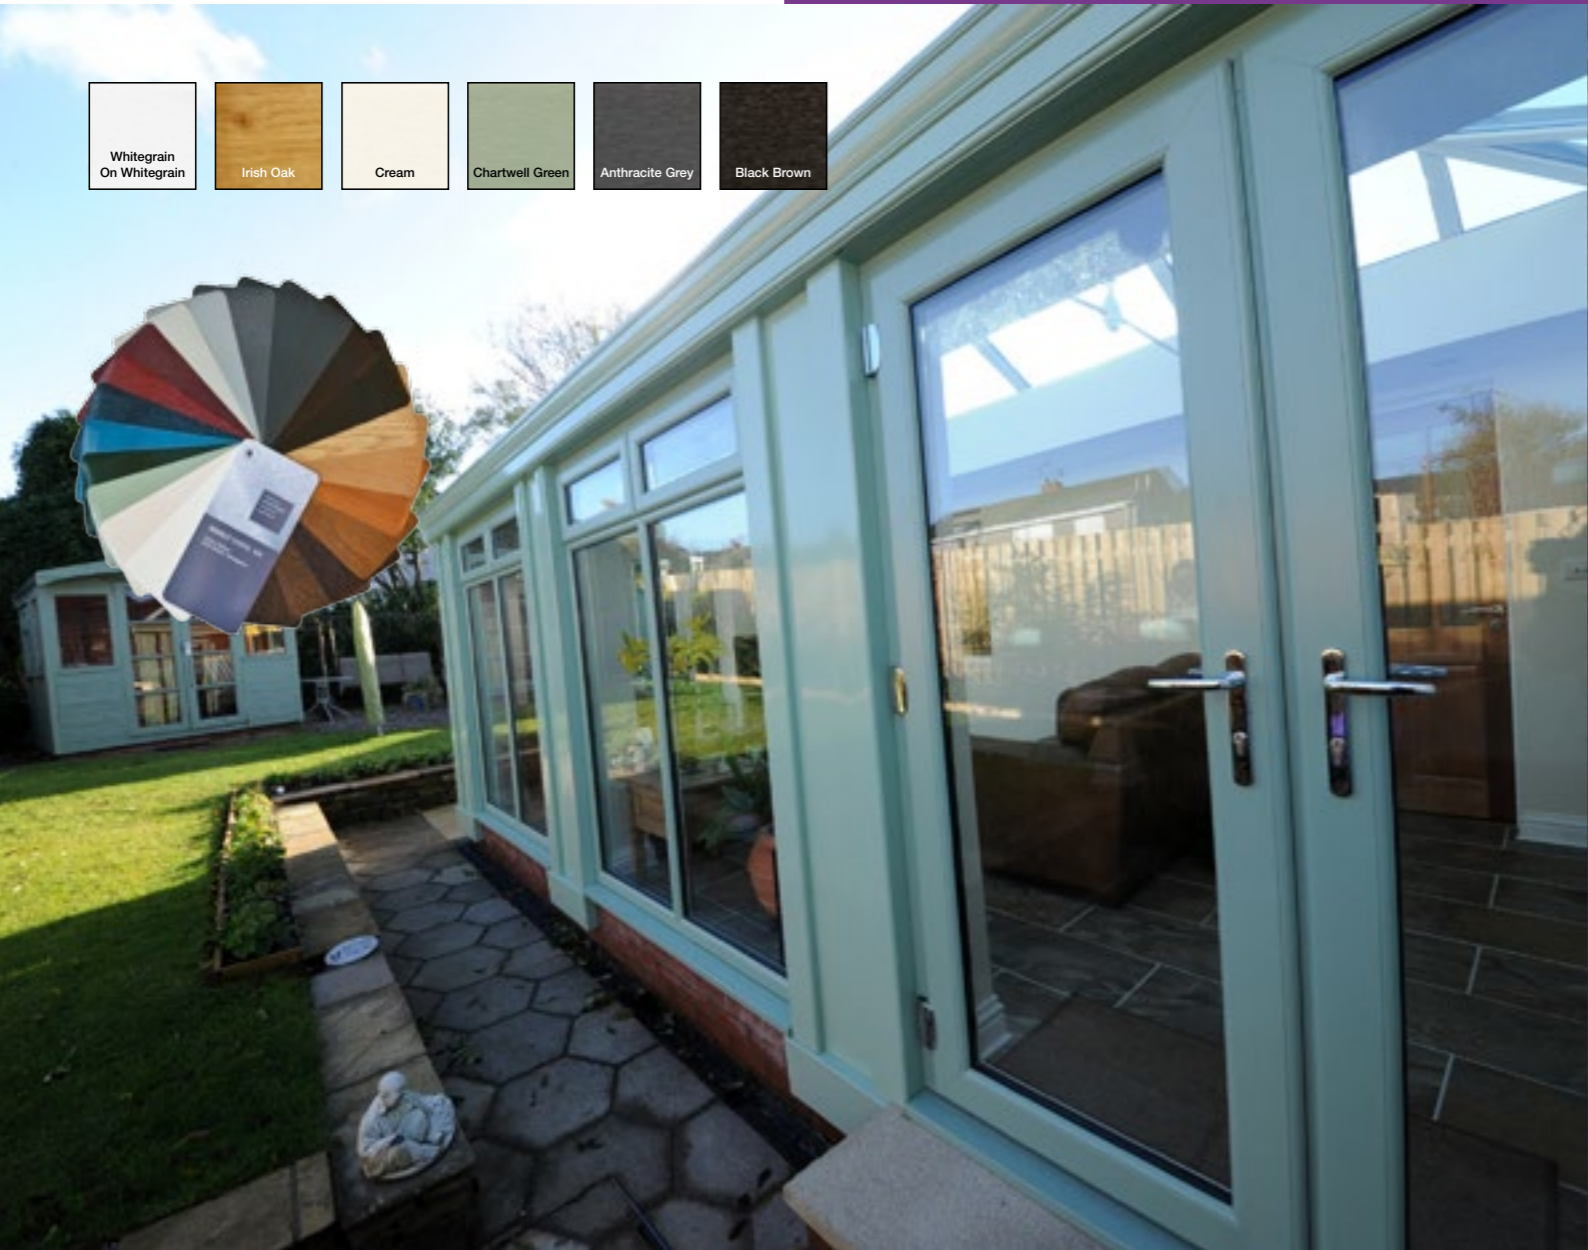

Colour Range

To create added impact with your replacement windows and doors, just add a splash of colour!

Industry First Colours

Creating the perfect colour scheme for your home doesn't have to stop at the interior decoration. Our extensive range of coloured profiles allows you to choose a colour scheme for the windows and doors in your property too.

Whether you prefer cool relaxing greens or a striking dynamic grey there's a colour and finish to enhance your home. If you like the look of traditional painted windows but want the benefits of PVCu and double glazing then you'll love our fantastic range of coloured profiles.

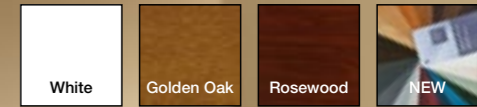

PVCu Doors

Open your home to a whole new look

Front doors have a big influence on the look and character of your home.

The right front door can create a great first impression when you, or others enter your property. We have a range of doors which are a great way to open up a room – and invite the outside in. We offer all these options in a wide range of finishes and as well as being beautifully made, each door is designed to stand the test of time. So they not only work superbly as a barrier, they also enhance your home too.

PVC Doors

The ultimate in door security combined with unique designs will keep your family safe whilst giving you an entrance to be proud of. Our panels are manufactured using a high technology technique that bonds two PVCu skins to a variety of core materials and ensures the integrity of the panel for heat and moisture.

Our extensive door panel portfolio ranges from the beautifully simplistic of door panels to compliment the more traditional house to the more modern home.

Yale®

The World's Favourite Lock Since 1843

World Renowned Brand

As one of the oldest international brands Yale is among the best known and most respected names in the security industry. This is why we only use Yale locking on all our PVCu doors. With their high security products, and a commitment to product development it's no wonder that there are millions of customers worldwide securing their homes and businesses with a Yale lock.

Composite Doors

Composite doors combine modern materials and performance with traditional looks to enhance the character of your home. Available in a wide variety of styles, colours and glass choices to suit your needs.

The beautifully moulded and richly grained exterior surface has the look and feel of traditional timber with all the added benefits of its inner lumber core strength.

Strength & Waterproofing

The combination of its solid core specification, resin bonded laminated veneer lumber core, multi-point locking system, centre dead bolt, and a full 72mm PVCu reinforced frame make our door it one of the most impenetrable on the market. This incredibly solid core has been tested and fully certified by the British Board of Agreement (BBA).

Our composite doors have gone through independent testing to various extreme weather conditions assuring that our doors are extremely water resistant and will last whatever the British weather storms our way!

Security

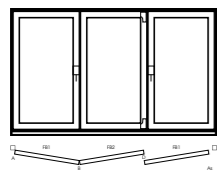

Secured by Design and PAS 24 focuses on crime prevention of homes and commercial premises by promoting the use of multiple security standards for a wide range of applications and products. The principles have been proven to achieve a reduction of crime risk by up to 60% by combining various standards of physical security and well-tested principles of natural surveillance and defensible space.

Bi-Folding Doors

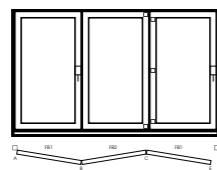

Add the wow factor

With great appearance and outstanding quality our bi-folding doors gives your home a modern and sophisticated door system full of excellent benefits. Perfect for opening your home to the garden, allowing light to fill your room making it a much more versatile living experience.

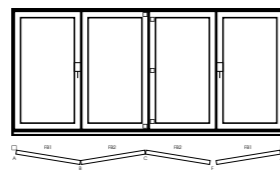

Our bi-folding doors boast superior engineering, utilising REHAU profiles and Yale locking systems, making it the perfect option for your home.

Patio Doors

Bring the garden closer to the house and use it like another room. With easy access in summer and a wonderful view in winter, a patio door adds light and air to life – all year round.

Whether you're looking for a graceful sliding door for your conservatory or out onto your garden - then we have extensive designs and styles for you to choose from. Our patio doors ensures smooth operation and the very latest in security.

French Doors

Throw open French doors and invite the garden, terrace, balcony or country views inside. A breath of fresh air for your kitchen, lounge or dining room, these beautifully made doors come in a range of styles, colours and finishes to blend naturally with any home.

Also, ask about our Georgian bar and lead designs to add that extra touch of class.

Bi-folding Doors

Our REHAU Bi-Folding doors will transform your home. Relax in stylish open plan living areas or enjoy stunning panoramic views of the great outdoors.

These stunning versatile doors are the perfect addition to transform any home. You will feel like you're bringing the outside in by opening entire façades making the most out of your beautiful garden - just sit back and enjoy the views.

Aluminium Doors

Aluminium doors offer strength, durability and are highly resistant to corrosion. The natural strength of aluminium gives you slim-lines, less frame and more glass.

Aluminium doors are a premium product, are maintenance free and built to last. With the life span of aluminium being measured in decades rather than years, aluminium is a very sustainable, endlessly recyclable and very environmentally friendly product.

Replacement Conservatories

A wonderful way to extend your home

Upgrade your current conservatory and make it your favourite room again. By replacing your existing roof—our insulation means your new conservatory will retain heat in the winter, and won't be too hot in the summer, creating a comfortable space for you to enjoy all year round. Our glass and polycarbonate options can be tailored to your individual needs giving your old conservatory a new lease of life.

Range of colours to choose from:

I just wanted to thank you for a fantastic job on our new conservatory. You completed the job on time and budget and the finish is superb. The products are of a high quality and the conservatory frame feels solid. I can confirm that it has withstood the torrential wind and rain and snow in January and February without any problems. I would be happy to recommend you to my friends and family. **Peter Grima, Whitchurch, Cardiff.**

Classic roof

Roofing Options

Gone are the days of limited choices when it comes to roof glass. Now, not only have you got an extensive range of coloured tints to choose from but you can now have the option of whether it cleans itself!

Polycarbonate options benefit from excellent thermal insulation, superb light transmission and is a highly affordable option. Made from a double layered sheet system they make your conservatory warm and bright.

Hardware Options

Choose the right hardware for you

Now you have chosen the perfect door or window to compliment your home, it's time to pick out your furniture and add that all important finishing touch. But with so many styles to choose from, it can be difficult to make a decision and pick out the right furniture to achieve your desired look. With plenty of experience in helping people get the finish they really want, we can help to point you in the right direction!

Handle Collection

It's amazing how much of a difference hardware can make to the overall look of the finished window or door. When choosing the perfect handle for your home it is good to know what type of handle will best fulfill your needs and blend in nicely with the style and feel of your chosen product.

We have a range of handle options for you to choose from, each with their own unique styles and benefits. We can tailor all of our styles to suit your home, just ask for more information!

Glass & Glazing

Stunning Bespoke Designs

For privacy, pure style or just to let as much light in to fill your home our stunning range of glimmering bevels and decorative obscure glass will compliment your home beautifully.

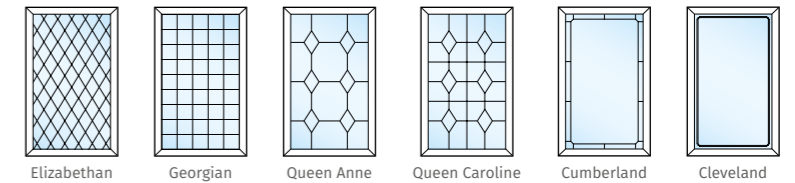

If you prefer the more traditional window filled with vibrant colours then see our bespoke stain design options and you will be spoilt for choice. For the more simple designs we offer an extensive range of simplistic gorgeous bevels which catch the light perfectly adding that extra glamour to your home.

Obscure Collection

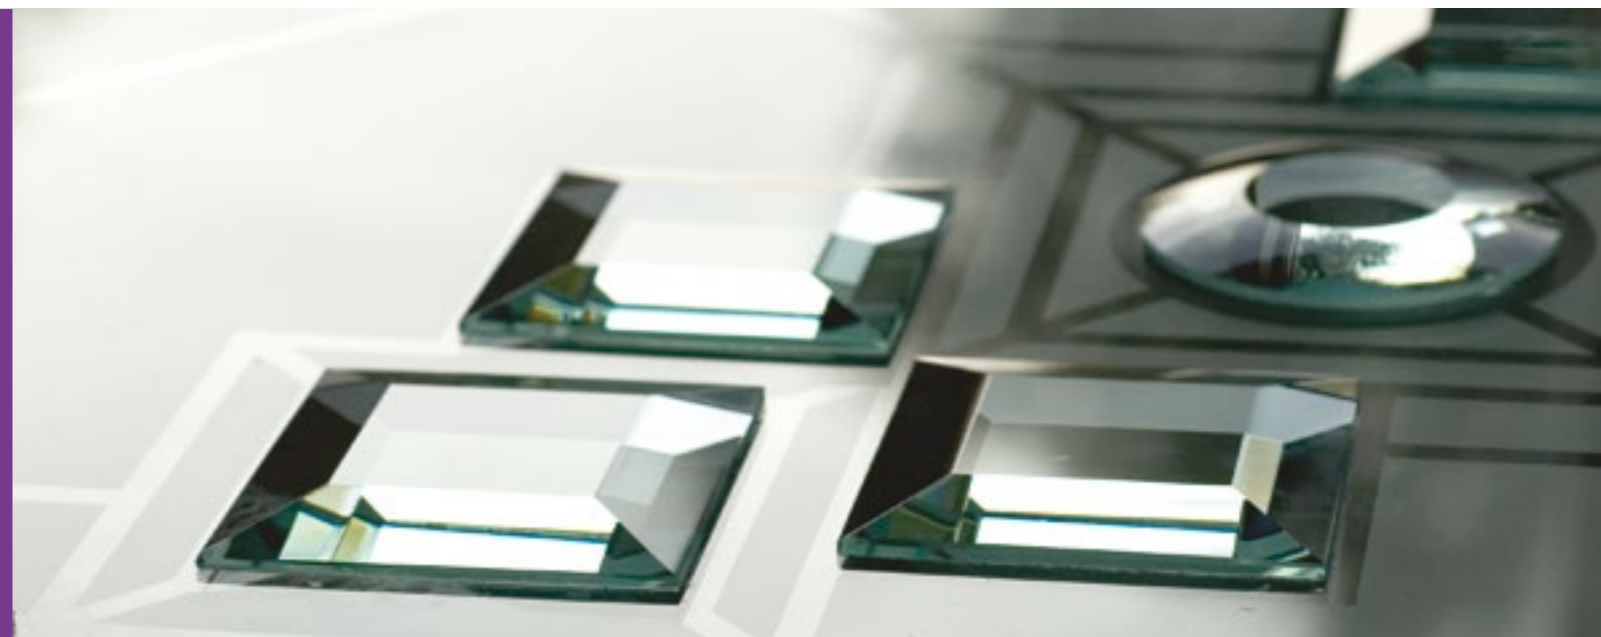

Lead styles can provide a traditional and individual touch of flair to your home. Providing that elegant finishing touch, they can be a key ingredient in realising the true character of a building.

Obscure Glazing Options

For privacy, pure style or to allow more light into internal rooms, decorative glass gives you a whole range of attractive options. From classic floral designs to our premier range of etched glass the possibilities are endless.

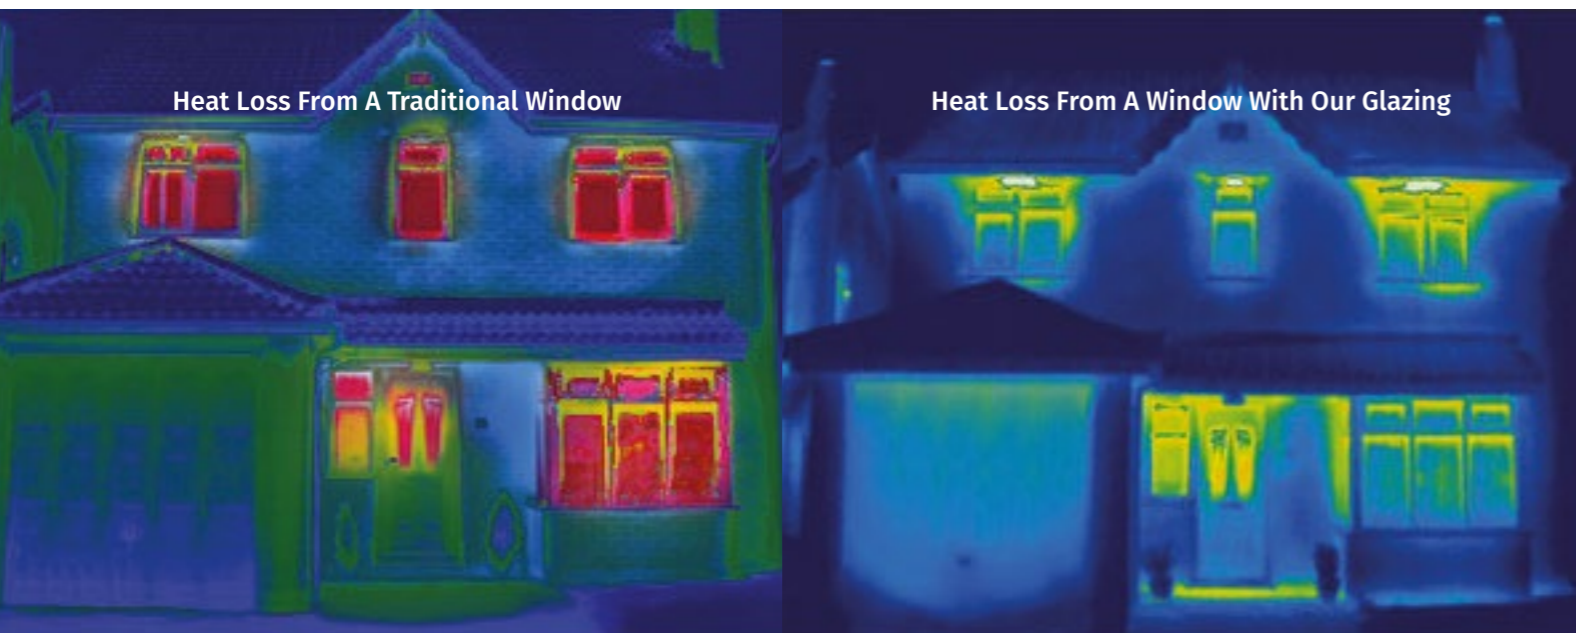

Energy Efficient Glass

The best performing windows

A staggering 26% of all domestic heat loss escapes through the windows. By utilising the very latest in glass technology you could save on your heating bills each and every year!

The new range is three times more efficient than single glazed units and at least 25% more efficient than most currently installed double glazing!

Glass Range

Our advanced coating technology reflects radiated heat back into the room, rather than allowing it to escape through the windows. At the same time it allows free heat and light from the sun to pass through the glass. The result? Lighter, brighter, warmer and more energy efficient homes thanks to the advanced thermal insulation.

Customer Reviews

“ We had avoided changing our windows for a few years as we were put off by the thought of aggressive sales people and couldn't face the mess inside or outside the house. From the moment Rachel for the initial visit arrived we felt at complete ease; Neil then came to complete the full survey and advised he and his team would be carrying out the fitting. We are so glad we chose INSPIRE as they were so clean and efficient. The work was completed to the highest of standards. We would have no hesitation in recommending them over and over again.

The Butlers, Cardiff ”

“ We recently had 16 windows and a composite door to the front of our Victorian property. Neil worked with us to plan exactly the look we wanted including restoring a original stained glass window and designing stained glass fanlights to match perfectly. The end result is simply stunning and we are so happy with them. The fitting time was short and the team were so clean and tidy we hardly knew they were here. A truly excellent service from start to finish I couldn't recommend Inspire Windows more. Thank You.

Laura Neville, Cardiff ”

“ We had an Origin aluminium French door fitted to our property by Inspire Windows just before Christmas and we are extremely pleased with both the quality of the doors and the work carried out by Neil and his team at Inspire. We cannot fault any aspect of the order and fitting process. From the initial discussions with Rachel, the survey, and manufacture by Origin Doors was completed in around 2 weeks. Add to that the cost and flexibility of Inspire to install at a date to suit us over what was a very busy period it was just exceptional customer service. We will need to replace other windows and doors in the future and will definitely use Inspire again.

Robert Raihes, Newport ”

“ I had eleven windows, a patio door and a front door fitted by Inspire Windows. They have made an enormous difference to the appearance of my house and I love my front door. Neil and his colleague were very professional and efficient and patient when I changed my mind several times. Neil even went as far as to discuss with me whether I really needed an extra addition to my order which would have added several hundred pounds to the total cost. Between us, we decided that I didn't. That is what I call real customer service. I would have no hesitation in recommending Inspire Windows.

Valerie Graham, Cardiff ”

“ I had several companies to quote and whilst inspire windows were not the cheapest they were the most responsive. There was no hard sell or confusing special offers just fair clear pricing. When the windows were fitted the workmen came straight in with dust sheets down straightaway. The property was empty but when we went to check that evening the house was really tidy and everything left perfectly clean. The windows are excellent, really well fitted and finished. We are very happy!

Angela Lewis, Cardiff ”
