

Professional, Reliable Moving Services

What level of service can you expect from Ravenhill Removals?

Providing reliably excellent moving services since 2008, Ravenhill Removals have helped an immeasurable number of customers relocate their treasured belongings up and down the country, and even across the waters to Ireland and Europe.

When we take care of your move, you can be certain of a 5 star service from start to finish. All our staff members are polite, friendly and have an abundance of experience in the moving trade to ensure that every last item is handled and transported with care.

Take a browse of this article and see for yourself why the Ravenhill Removals crew have become the number one trusted and true choice for secure and efficient moving services . . .

Packing Services

If you are particularly short on time, or in need of help with the physically demanding aspects of packing and moving to a new house, then you may opt for our premium packing services.

Our fit and able packers will expertly box up your belongings with appropriate wrapping and adequate protective packaging, labelling all boxes as they go.

We will then move your belongings to your destination in a secure van, unload and relocate everything to the appropriate rooms.

Dismantling and protecting furniture

Our team has been extensively trained in the correct procedures for dismantling and protecting your furniture, making sure your valuables are prepared ready for transport to a consistently high level, ensuring maximum safety whether you're moving locally or over long distance.

Dining table legs are removed, and everything bubble wrapped and shrink wrapped ready for moving. Dining chairs are wrapped to ensure no marks or scuffs occur to wood or fabric during moving.

Cabinets, sofas, chests of drawers and so on are all wrapped prior to moving, making sure that nothing is left to chance.

Beds are dismantled and mattresses placed in heavy duty mattress bags to keep clean and safe throughout the move.

Where boxes aren't available for TV's, they undergo the same wrapping procedure and will be secured safely on the van with transit blankets for extra protection.

Protecting floors

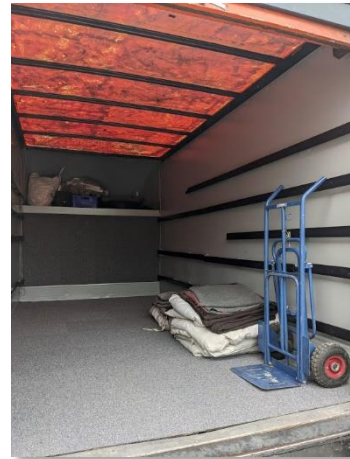

There's nothing worse than horrid weather conditions adding stress to moving day, especially when your carpets are subject to heavy traffic while our team unload.

This is why we carry rolls of floor protector in our vans to keep your carpets clean and muck free throughout the process!

Meet the work horses!

Cecil

Eli

Horace

Our Luton vans, Cecil and Eli, are carpeted and kept tidy to maintain a clean environment for all your household furniture.

Horace is our panel van which we bring into play for moves where household furniture needs to be kept separate from other bits such as garden furniture, pot plants, garage and shed items like lawnmowers, gardening tools and so on.

Disconnection and plumbing of appliances

Washing machines, dishwashers, American-Fridges with water dispensers and so on can be disconnected by our team and plumbed in at your new home.

Movers insurance

We take every measure possible to protect your belongings, however sometimes the unexpected can occur, damaging your property.

As such, where the vast majority of moving companies charge customers extra if they opt for mover's insurance, we provide it as standard with every job we carry out, which fully covers you against damage, destruction, or loss of your property while in our care.

Reviews

So now you have an incite to the exceptional service you will receive when booking a removal service with Ravenhill Removals. Rest assured you are in the best possible hands, and we promise to deliver your belongings carefully and safe.

Need more convincing? Then why not check out our reviews left by many happy customers.
