

CPX/CP8L

Control Panel for Residential Applications

The CPX Control Panel has been specifically designed for residential installations, offering 868MHz hybrid wireless expansion and onboard communication with digi modem and Vo-comm. CPX is System G-Tag compatible offering flexible proximity control via G-Tag keyfobs.

RISCO Group's wide range of wireless accessories are available for those difficult to reach locations and for reducing installation time. The CPX enables end-users to receive alarm notification either via Voice (Vo-Comm) or via Central Station.

PD6662, EN50131-1 Grade 2
DD243 compliant

CPX Control Panel Features:

- 9 EOL zones or 16 zones using doubling feature
- Wireless expansion up to 8 wireless zones and 8 keyfobs
- 15 user codes, 2 programmable outputs, 300 event log
- Up to four 32 character LCD RKPs
- Alert Keys for PA/Fire on keypad
- Programmable Chime function
- Strobe confirmation
- G-Tag compatible
- Connects to ARC Receivers using Contact ID / SIA / Ademco FF
- Vo-comm: up to 4 phone numbers with pre-programmed message
- SMS text messaging option

Keypads and G-Tag (CPX) **▼G-TAG**

- Up to 4 LCD remote keypads can be added
- Alert keys for PA/Fire on keypad
- G-Tag compatible for proximity set/unset via the G-Tag keyfob
- Using Micro Maglock and Z Bracket complies with ACPO DD243 requirements for single room applications

Wireless Accessories (CPX)

- Wireless PIR and PET PIR
- Universal Transmitters and Door/Window Contact
- Wireless Shock, Smoke, Flood and Glassbreak detectors
- 2 button Panic keyfob / 4 button keyfob
- Wireless WatchOUT Outdoor Detector

Remote Upload/Download (CPX)

- GT Remote allows full remote management according to user authority
- Novagard Active compatible; Engineer can remotely diagnose and control external sounder parameters to guarantee continued operation
- Complete system can be tested by master user

Communication (CPX)

- Digi modem onboard communicator for signaling and complete remote system management
- ARC signalling using Contact ID, SIA or Ademco FF formats
- Vo-comm: Up to 4 phone numbers with pre-programmed message
- Advanced GSM/GPRS Communication with RISCO Group's Universal AGM

External Sounders (CPX)

- Novagard Active compatible for remote diagnostics
- Wide range of cover & lens colour combinations
- Customized Screen printing available
- Separate bell tamper to detect compromise of the external sounder

Program Transfer Module (PTM) (CPX)

- Copy installation defaults from master system to other systems
- Save backup of installation program

CP8L Features

- PD6662 EN-50131-1 Grade 2X
- Up to 4 LCD RKP's can be added
- 8 fully programmable zones
- 9 user codes & 250 log event memory time & date stamp
- Engineer code lock in, Service timer & Anti-code reset
- Individual tamper indicators (not zones)
- Two part sets (optional silent part)
- Programmable alert keys - PA, Fire or Alert
- Programmable chime function - (any zone)

Technical Specifications	CPX	CP8L
Voltage Input	230 VAC	230 VAC
Max Loop Resistance	2K (not with EOL)	2K
Battery Sizes (Ah)	12v 1.2A, 2.0A, 3.0A, 7.0A	1.2A, 2.0A, 3.0A, 7.0A
Quiescent current	150mA @ 12VDC	50mA
No. of zones	8 (2-wire), 9(EOL) or 8+8(EOL)	8
Dimensions (mm) Control Panel	195x250x80	195x250x80
Dimensions (mm) keypad	118x90x24	118x90x24
