

## Who are we?

CRW supports vulnerable people with complex needs to live as independently as possible and as part of the wider community.

We support people in their own homes - levels of support vary according to your needs.

We specialise in supporting people with a learning disability, challenging behaviour, and mental health issues, Physical disabilities, young people, young offenders, substance misusers, and the elderly. We can set up bespoke, person centred services for in an area of your choice in the UK.

## Our Services

### **Outreach Services**

This would be suitable for you if you live in your own home already and need only a low level of support. We can arrange to meet with you for as many or as little hours as suits you, weekly or daily and can help you with things like washing and dressing, form filling, budgeting meal preparation skills, travel training, accessing work or education and attending appointments for example.

### **Supported Living**

Supported living focuses on you as an individual, and allows you to make the choices you want, to live your life the way you want to

- Where do you want to live?
- Do you want to live alone or share with someone else?
- How do you want to spend your money?
- What goals and dreams do you have?

We will work with you to ensure you are able to make these choices and carry them through

### **Direct Payments**

We support individuals on direct payments and accept the Kent Card. We are happy to support you through the process of securing your direct payments/ individual budget

### **Transition Service**

The transition to adulthood can be a time of great change and uncertainty. This can cause anxiety for many young people, as well as their parents, families and carers. It is our aim to support the individuals we work with, in partnership with the support network, to develop a person centred plan that supports healthy development and promotes a more seamless pathway to independence. We recognise the importance of listening to the wishes of the individual and advocating for them in line with mental capacity legislation and best interests. Our services include holistic support packages, accommodation, advice and signposting. We are champions at providing great transition services with independence and empowerment at the core of everything we do, for a more meaningful and positive experience.
