Deconstructed Drink & Molecular Alcoholic Dessert Selection

Sample Options

- **Halloween Molecular Gift Box**
Our Client wanted to say thank you to their partners in a different way this year. We have created an alcoholic experience including Gold Ginseng Martini Elixir in Syringe, Dracula's Berry Daiquiri Blood Gel, Mango Caipirinha Caviar and many more
- **Vodafone and Samsung Galaxy S9**
*We were delighted to be part of the Samsung Galaxy S9 3 days pop up brand activation. At the Vodafone headquarters we served for over 500 guests our Deconstructed Cocktails. **Samsung and Vodafone Strawberry G&T**, Made with Gin infused strawberry Caviar balls, Carbonated blue Tonic Foam served in a split glass
Coconut and Raspberry Mojito
Blue Mojito Jelly, served with Popping candy, fresh mint and Raspberry discs*

- **The beauty of the connections
between science and alcohol**

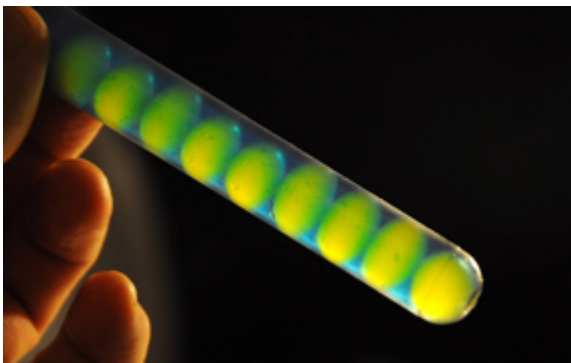

*We have created an alcoholic experience
where we invite you to play in the world of
flavours in a different way..*

*With surprising and unusual texture, we have
a game on your tongue and show you
that you can eat your drink...*

3 Layered Alcoholic Mojito Cube

3 Orange Blossom & Lime Caviar Shot

***Mojito Spehere with Blackberry and
Passionfruit Air***

Science and chemistry are fun...
And we don't have to add
alcohol to show this...
But we can...
